

EWIS WS T - Global reconfigurations of science, technology, and security

Preliminary Program

Thursday, 27 June

09.00 - 10.30 - Workshop Session 1

Welcome and Introduction

Sam Weiss Evans, Matthias Leese & Dagmar Rychnovská

Bringing IR and STS Together: Towards Critical Studies of Innovation and Security

Nina Klimburg-Witjes

(Discussant: Matthias Leese)

10.30 - 11.00 - Coffee Break

11.00 - 12.30 - Workshop Session 2

The Cloud as a Way to a More Secure Internet – and its Social Effects

Andreas Baur

(Discussant: Anna Leander)

How Is Cyber(in)security Made? Unpacking the Socio-technical Co-production

Lilly Muller

(Discussant: Rune Saugmann)

12.30 - 14.00 - Lunch break

14.00 - 15.30 - Workshop Session 3

Security and the Complex Ontology of Emergent Technology: The Case of CRISPR

Brett Edwards

(Discussant: Andreas Baur)

Temporalities of pathogenicity: viruses and the co-production of (in)security

Christopher Long

(Discussant: Dagmar Rychnovská)

15.30 - 15.50 - Coffee Break

15.50 - 18.10 - Workshop Session 4

Science, Technology, Plus: Security Research as Transatlantic Intelligence Cooperation

Sebastian Larsson

(Discussant: Claudia Aradau)

The Governance of Machine Learning Algorithms: Political and Ethical Challenges in the Field of Security Technology

Anna Tilling

(Discussant: Jakub Záhora)

Friday, 28 June

09.00 - 10.30 - Workshop Session 5

The (Non)-Securitization of Plant Biotechnology in the European Union: Technologies of Resistance and Displacement

Shane Markowitz

(Discussant: Christopher Long)

Energy security between technification and securitization. The case of nuclear energy in Sweden and Denmark

Trine Villumsen Berling

(Discussant: Nina Klimburg-Witjes)

10.30 - 11.00 - Coffee Break

11.00 - 12.30 - Workshop Session 6

Predicting self and other: configurations of algorithmic surveillance and (in)security

Claudia Aradau

(Discussant: Anna Tilling)

Machine vision, security knowledge, and the parameters of assembled subjectivity

Rune Saugmann

(Discussant: Sebastian Larsson)

12.30 - 14.00 - Lunch break

14.00 - 15.30 - Workshop Session 7

(De)Composing the Californian Aesthetic

Anna Leander

(Discussant: Sam Weiss Evans)

Normalization Meets Securitization: Materiality of Israeli Settlements

Jakub Záhora

(Discussant: Shane Markowitz)

15.30 - 16.00 - Coffee Break

16.00 - 17.30 - Workshop Session 8

Modern Technologies and the Political Regime in China

Aleš Karmazin

(Discussant: Brett Edwards)

Round-Up

Sam Weiss Evans, Matthias Leese & Dagmar Rychnovská
